EXPERIENCE

2022 - 2023

Design team manager at ThriveDX (formerly known as HackerU)

ThriveDX operates its cybersecurity curriculum in top 20 universities across the USA. As the layout design team manager I am responsible for training new designers, assigning and prioritizing tasks, reviewing tasks before they are forwarded to project managers, and optimizing processes to improve team performance. In addition, I was still involved in design decisions and design new materials and assets.

2020 - 2022

Digital designer at ThriveDX (formerly known as HackerU)

As a digital designer I was responsible for designing and building university assets such as websites, landing pages, e-books, study program brochures, banners, and videos. In addition, I also worked closely with the developers.

2016 - 2020

Graphic designer at 4four Advertising Marketing and Strategy

As a graphic designer I was responsible for designing landing pages, newsletters, banner, social product design, branding, concept design for events and exhibitions, billboard, signage, press ads, brochures and flyers.

2015 - 2017

Freelance as Graphic Design

Designed various products for social media platforms, including banners and images for social media posts, created landing pages and online shops, designed logos and performed image processing.

2013 - 2016

Specialist support at Teva pharmaceutical

Provided support for internal enterprise software, including remote support and troubleshooting. Assisted with hardware repairs, including dismantling and replacing laptop components. Resolved software malfunctions and provided solutions to users.

EDUCATION

2018 - 2019

Diploma of UI/UX Designer at Shenkar

UI/UX Design - this part includes user experience design principles, user research, interaction design, visual design, user testing, characterization of interfaces for digital products and industry tools that includes HTML + CSS and creating prototypes.

2012 - 2014

Diploma of graphic design and art direction at ACC+Mentor

combined studies that include design principles, digital illustration, image editing, printing design, branding, visual storytelling, creative direction, advertising art direction and industry software such as Illustrator, Photoshop and InDesign.

2000 - 2006

Full matriculation at "Ironi Daled" High School

MILITARY SERVICE

2006 - 2009

Armored Corps as a loader at Merkava Mk 4M

LANGUAGES

Hebrew - Native speaker.
